Dear Dulya,

Could you please let me know the property in line with the proposed dates so I can check availability and align the focus of the shoot for each resort?

Please note that Kanishka's email is currently blocked for third-party emails outside the group. He is

coordinating with IT to resolve this.

Additionally, I've noticed a significant number of micro creators have been uploaded to the platforms. I have approved a few so far, but there are more pending approval.

Could you clarify:

- What is the maximum number of creators we are looking at?
- I see several micro creators with a very limited follower base — are they compensated at the same rate as other UGC creators?

Let me know.

Thank you.

Dear Vihangi,

Good morning and TGIF! Thank you so much for sharing the wonderful news and truly appreciate the support. I've conveyed the messages to Yashvin and given the timeline I'm trying to lock his dates for the shoot from the 2nd to the 6th of February.

I will keep you posted once the timeline is confirmed, and I'll begin outreach to the creators once they've been shortlisted on the platform. Also, Vihangi, I wanted to flag that I get a notification that all my emails couldn't be delivered to the designteam@brownshotels.com email. It mentions the admin has blocked my email, and I wanted to let you know.

If you have any questions, please feel free to contact me via Whatsapp, have a great day ahead!

Hi Vihangi,

Good evening! I wanted to follow up regarding the videographer arrangements we discussed.

Unfortunately, Amal is only available from the 3rd week of February onwards . In the meantime, I've sourced another videographer, Yashvin ([profile attached](#)), who has previously shot for Sheraton Kosgoda, Marriott, and Cinnamon, and is keen to support this campaign. In terms of availability, Yashvin is able to shoot during:

- 25–27 January, or
- 2–6 February

Given our initial planning and the overall scope, I've managed to align him to create a content bank across two properties within the current budget. He has proposed covering:

- Hotel Sigiriya
- Newburgh Ella

Please let me know if this works for the rates shared earlier. If so, would it be possible for Browns to cover accommodation and F&B for him and a plus one during the shoot period? This would allow us to maximise time on-site and ensure more comprehensive coverage for both properties.

Alternatively, Yashvin has also indicated that he would be open to covering all four hotels within the same budget if accommodation and meals can be provided for him (and his team) at the respective properties. I wanted to surface this as an option in case it helps maximise output across the campaign.

If you decide to proceed with the two-hotel option, it would also be helpful if you could share a checklist of key areas, experiences, and details you'd like captured at each property. I can then translate this into a clear brief and storyboard to guide the shoot.

Let me know your thoughts and what feels most workable on your end happy to adjust accordingly.

Hi Vihangi,

Thank you again for the call earlier this week, it was great speaking with you and aligning on the direction for the SG/MY round-trip creator campaign for Browns Hotels Sri Lanka. Just to recap and confirm the key points discussed, as well as next steps from our end:

Campaign Overview

- The campaign will feature a Round Trip Promotional Campaign through selected Browns properties across Sri Lanka, including:
 - Club Hotel Dolphin, Eden Resort & Spa, Ella property & Hotel Sigiriya

- Paid ads will be targeted to the Singapore market (majority for Chinese audiences in line with CNY), using a mix of Singaporean and Malaysian creator content, depending on suitability and performance.

Deliverables

- Cult Creative will deliver a total of 12 content posts (videos/carousels):

- 10 Malaysian creators & 2 Singaporean creators

Videographer & Content Coverage

- Unfortunately, videographer allocation within the current budget allows us to support 1–2 properties at most.
- For the remaining properties, we will require as many stock videos and images as possible from the Browns team to support content creation and ensure visual consistency across the campaign.
- We will continue sourcing Sri Lankan videographer options. At present, Amal is only available between the 2nd–3rd week of February.
- We will keep the Browns team informed in advance so shoots can be scheduled accordingly once availability is confirmed.

Timeline

- Targeting for content to start going live from the first week of February.
- Creator shortlisting (SG & MY) will be shared shortly for your review.
- The campaign will be fully set up and executed via the Cult Creative platform, which you will have access to for visibility and tracking.

I'll proceed with preparing the SG & MY creator lists and setting up the campaign on the platform today.

If you have any questions in the meantime, please don't hesitate to reach out to me directly via WhatsApp. Looking forward to moving this forward together!
